Colorado Wise Acres Farm

Fort Lupton, Colorado

Love garden fresh vegetables but have no place for a garden, no time for a garden, no patience for a garden?

Join a CSA

Community **S**upported **A**griculture programs are an increasingly popular way for consumers to buy local, fresh, seasonal food from growers in their community. Members purchase shares in a local garden and receive a weekly box of ultra-fresh produce - just as one finds at local Farmer's Markets, but without much of the mark-up and expense of those markets.

Shareholders enjoy a variety of vegetables at a very reasonable price. Early in the season, you may expect cool weather vegetables such as lettuce, baby spinach, arugula, radishes, beets, baby carrots, and scallions. In the middle of the season we add summer squash, zucchini, tomatoes, new potatoes, chard, cucumbers, peas, beans, carrots, onions, shallots, fresh garlic, herbs, and early melons.

Pricing: **Full Share** (sign-up by March 15) - $600 **Half Share** (sign up by March 15) - $400

Work Share (limited; contact farm for information)

Eggs from Free Range Chickens - $3.50 per dozen per week with 17 week CSA share order or weekly $4 per dozen cash on delivery . Egg Orders delivered weekly with produce.

Delivery: Boxes are delivered weekly to locations that are as convenient to shareholders possible.
